We can't really blame you. Customers are constantly complaining about pricing. Your mills are announcing yet another increase. The bean counters are on you for better margins. And all you get is a lousy medal at the end of the year office party...

We can't do anything about that medal but we can help you with everything else. We're Merco Tape. Since 1972 we have been converting, importing and manufacturing quality tape products. We are also master distributors for *every major US tape mill*, and many overseas. **Polyken, Nashua, Shurtape, Intertape, Venture, 3M.** Plus our own **Merco Tape**. We're confident you won't find a better combination of breadth and depth, of pricing and speed of delivery in the US market place. Even from most of the major mills whose brands we carry.

If it sticks, seals, holds, lubricates, insulates, protects, in fact, *if it sells*, we've got it.

So leaf through our catalog. Surf our website. Ask your salesman for pricing or samples today. Oh, and smile!
