

“*Who* orders the gaffers tape around here?  
If Jerry trips over that cable one more time...”

## Merco Tape

Stick With Merco™

*Quality tapes since  
The Dead's Europe '72 tour*

Merco Tape. Its no long, strange trip to find one of the best kept secrets in the A&E and Conventions Industries. Obviously. Because the purchasing guys specified Merco Tape and their roadies were able to focus more on making the Dead look, sound and be more Live Dead. Which meant they spent less time preventing Jerry from ending up dead from tripping over a loose cable. (Or whatever. We think you get the idea.)

We offer Gaffer's and spike tapes in standard and fluorescent colors. Our own neutral-label house brand as well as quality, branded products from Polyken and Shurtape A&E Division (formally Permacel), the only two national mill names you need to know in gaffer's. Plus, electrical tapes, safety stripes, carpet, glow-in-the-dark tapes and more for the stage, warehouse, R&D (we guess R&B too) and more. Masking and blue painters tapes for the scenic shop, a full range of double-coated, shipping tapes and more for your in-house creative departments.

We've been converting, manufacturing and supplying quality tape for 50 years, (since the Europe '72 tour.)
